

PROFILE

I am a user experience designer based on the Central Coast in Australia. As a designer, I believe that a curious mind focused on new ideas, experience and perspectives enables us to learn more about ourselves and the world. When I am not designing, you will find me wondering down forest paths or strolling along sandy beaches with my dog Loki.

EDUCATION

2015 HIGHER EDUCATION

2017 Green Point Christian Collage

I achieved first place award for Visual Arts in year 11 and first place in Software Design and Development in year 12.

2018 BACHELOR OF DESIGN COMPUTING

2021 The University of Sydney

On top of completing the core units of the Design Computing course, I also studied computer science units such as program design and AI.

EXPERIENCE

2015 INTERNSHIP

3RD SENSE

I completed a one week work experience program with 3RD SENSE. During this time, I learnt about gamification and its amazing ability to make mundane tasks more fun and rewarding.

2017 INTERNSHIP

IBM

I completed a one week work experience program at IBM in the UX department. During this time, I worked as a tester as part of a team developing a mobile app for the Reserve Bank of Australia. I was also involved with the design thinking workshops and other design processes during the experience.
